

Let me introduce you to someone who is going to help us in maths. His name is:

Rapa Coda Numbo

He is going to remind you of the different strategies you can choose when working out number calculations

Ra Round and *adjust*

Pa Partitioning

Co count on

Da double and *adjust*

Numbo number bonds

Rapa Coda Numbo

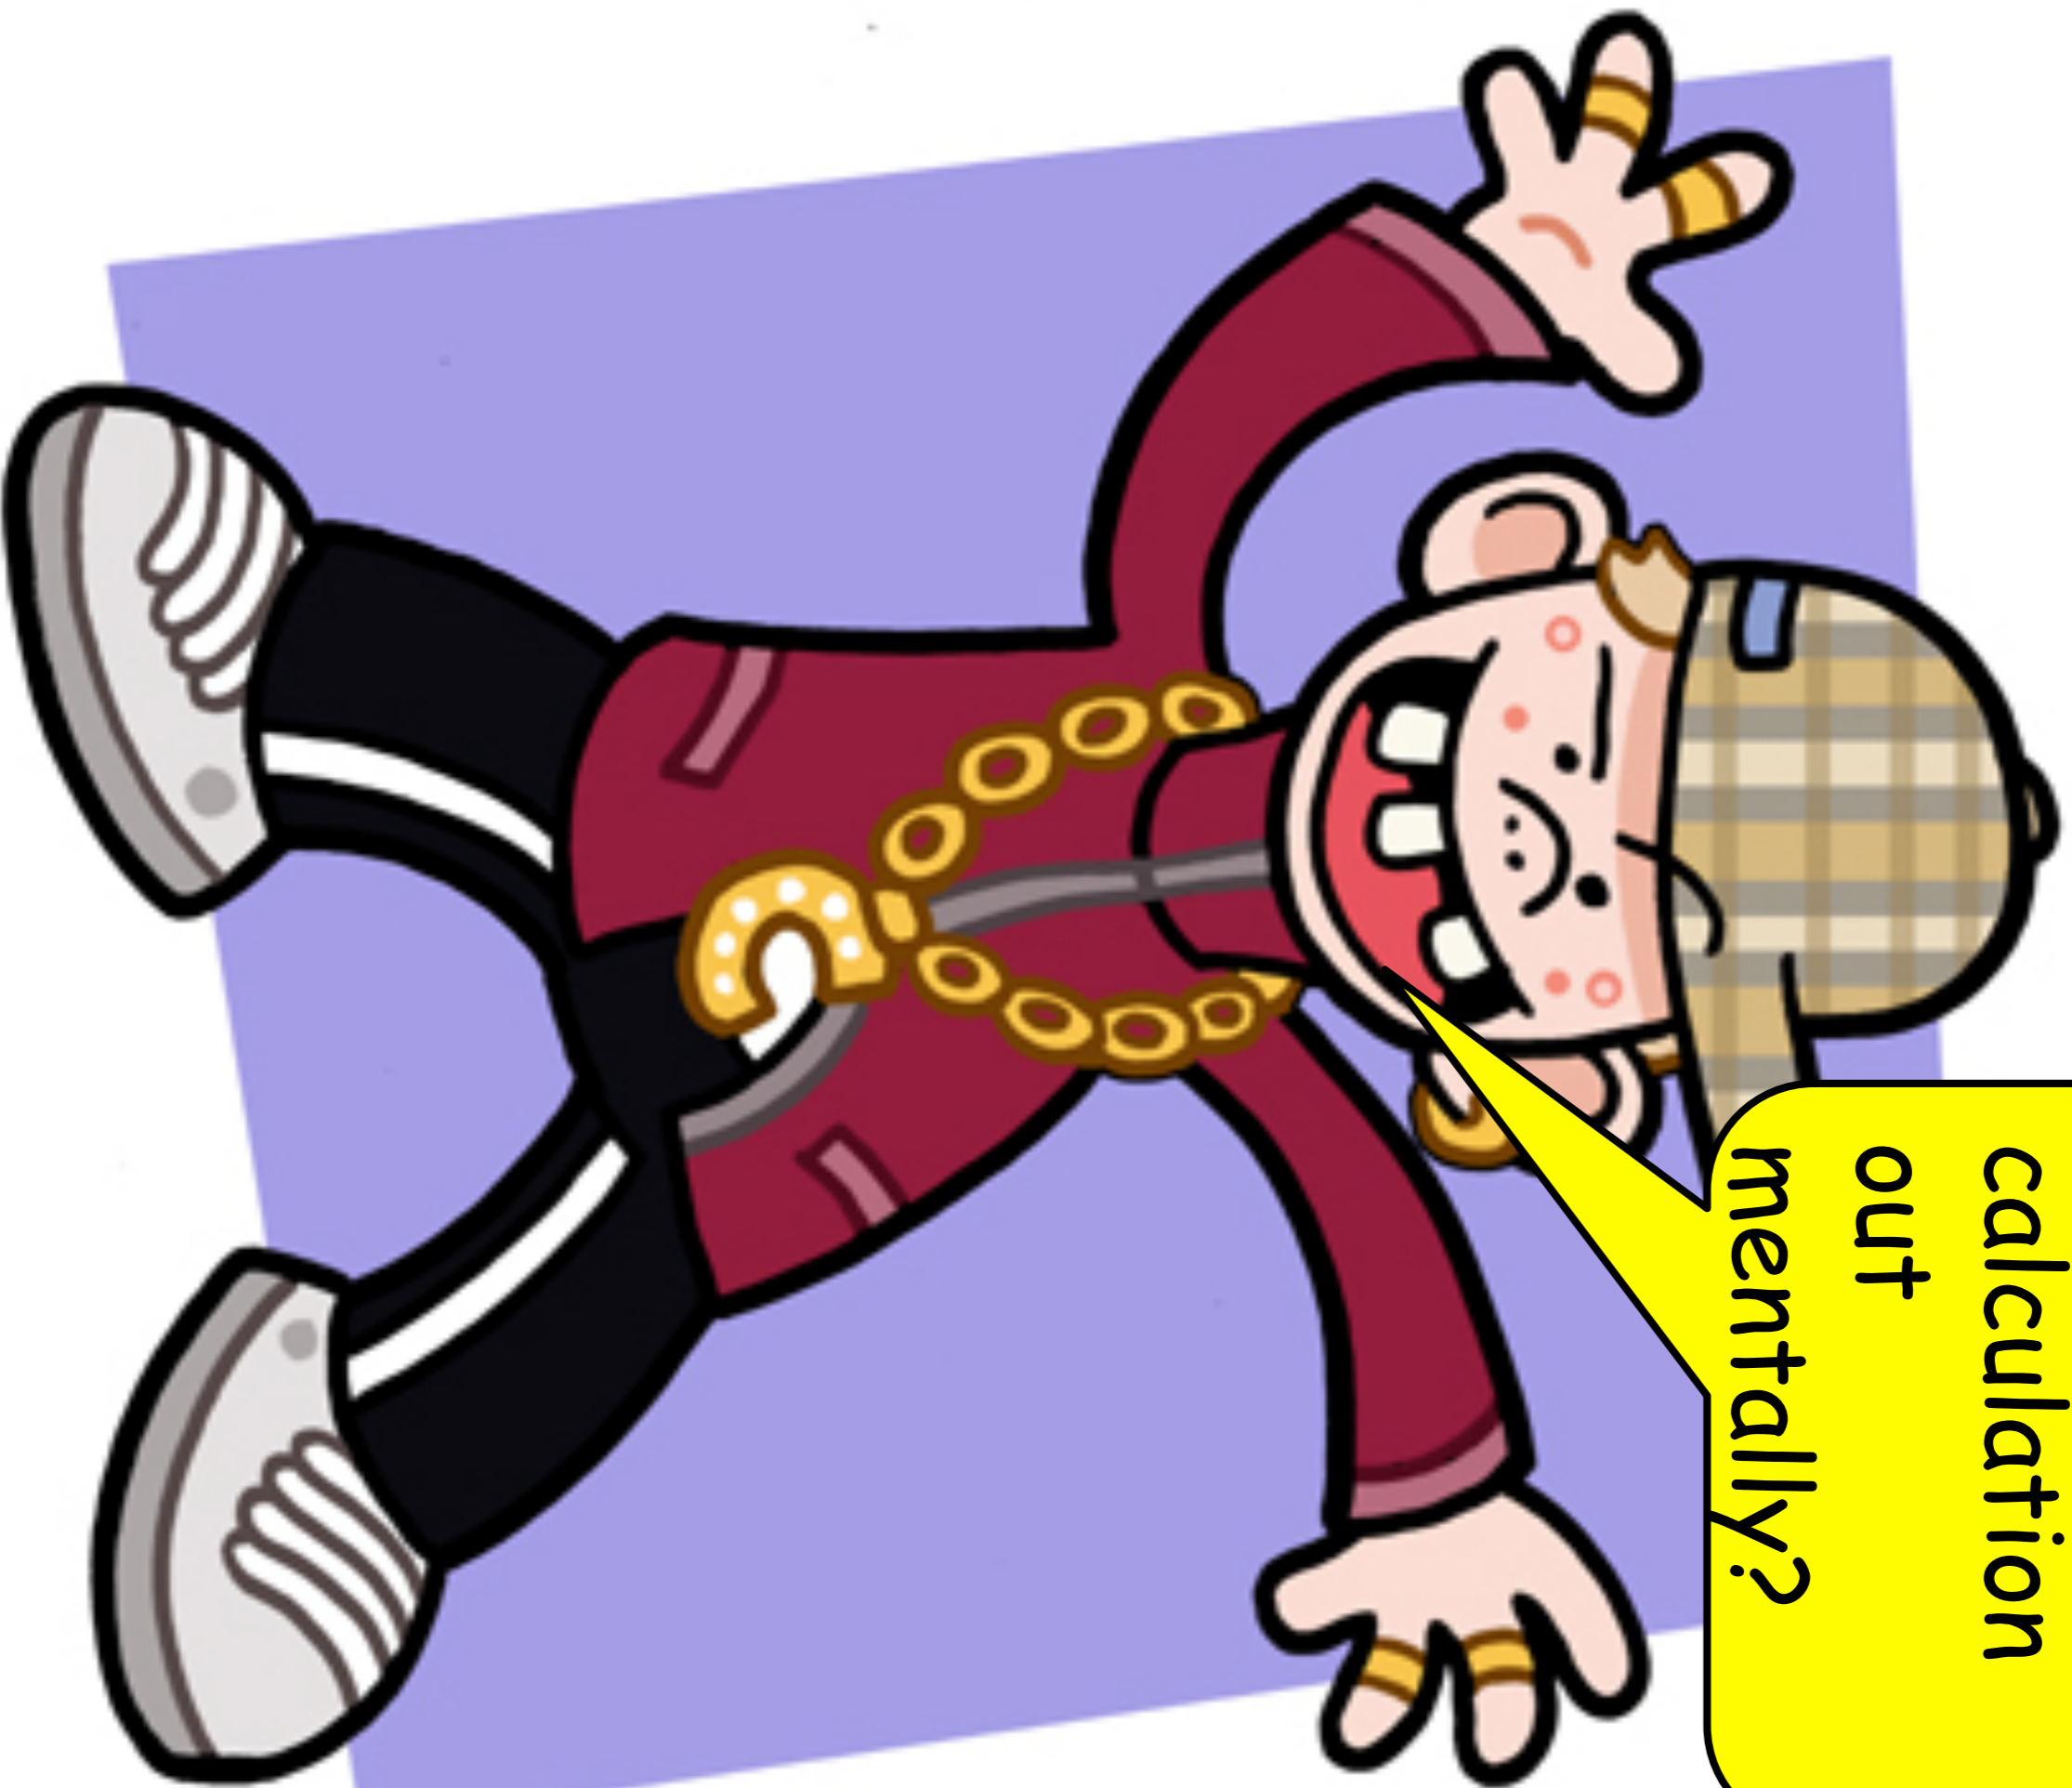

Ra Round and *adjust*

Pa Partitioning

Co count on

Da double and *adjust*

Numbo number bonds

Can you
work this
calculation
out
mentally?
