

Dear Parents/Carers,

This year our Eco Warriors have decided they would like to take part in a love for your community event for Valentines Day. The children have been discussing the importance of helping and supporting our local community and have decided to show their love by taking part in the following activities:

\*A collection for some local food banks and those less fortunate (We would be grateful if you could kindly donate one item of unperishable food such as tins, pasta, rice towards this).

\*A local litter pick to help keep our community clean.

\* Planting some flowers ready for the Springtime.

We would be grateful if any food donations could be in by Friday 9<sup>th</sup> February, ready for us to take to the local food bank.

We are looking forward to the event and would like to thank you for your continued support.

Mrs Shikotra and Heaton Park Eco-Warriors.
