# A BESPOKE CURRICULUM

At Philips High School our Curriculum is designed to develop the whole child, with the knowledge and skills that they will need for their next steps. Our Curriculum pathways are designed with the child in mind to be challenging, enjoyable and inspirational, as well as adapting to the world we live in.

All pupils at KS3 study English, Maths, Science, Humanities, Languages, Technology, Computing, Physical Education and Character. At KS4 we encourage our pupils to follow aspirational pathways while also providing bespoke additional support when and where needed. Pupils and parents at Philips High School can feel confident in our curriculum delivery as we utilise specialist staff in all subjects. Staff frequently undertake subject specific training.

Feedback from our parents and pupils regarding our curriculum offer has always been very positive and we can't wait for you to join us in Year 7!
