Parent's Evening

Dear Parents/Carers,

Due to an increase in Covid rates in the local area, we have decided that Parent's Evening this term will be a 5 minute telephone call with your child's class teacher.

You will be given a **specific time** when your child's class teacher will telephone you. Please note that if you are unable to answer when the teacher phones, you will miss your slot. Because of the amount of organisation this takes coordinating staff, parents and available telephone lines we will be unable to accommodate changes in times or dates. Furthermore, it is important that the call is kept to 5 minutes as our teachers have a lot of phone calls to make and we don't want to keep our parents waiting. Please note that your phone call may come from a withheld number.

This call will be about how your child has settled back into school, attitude and behaviours towards learning as well as specific academic progress.

Please refer to the table below to see when your child's class teacher will be making their calls. Calls will be made in the afternoons, from 1pm. You will receive your specific, 5 minute slot by the Thursday the week before your appointment.
