

Thank you for taking the time to read about The Heys School. We are a smaller than average 11-16 mixed comprehensive school. This allows us to provide aligned and differentiated support as we strive to provide the highest standards for students and staff alike. Our core values of **Be Kind, Be Determined and Be Respectful** underpin the goal for all students to maximise our potential, to be the best we can be, every day.

The Heys School stands at the centre of our community and we embrace the opportunity to offer our young people guidance and aspiration to be the best that they can be in all aspects of life.

We prepare our students to be active and valuable members of our community. Quality teaching and learning supported by reliable and structured pastoral systems provide opportunities and guidance on becoming resilient young people. We strongly believe in building a culture of resilience and tolerance in which our students can thrive.

Our aim is to increase our student's self-belief while opening their eyes and minds to pathways which lead to them becoming whatever they believe they can be. Relationships between school and parents/carers are key to the development of successful young people.

We actively encourage parents/carers to interact with school by calling anytime or arranging to come into school for a visit and a tour. If you need to know more, please don't hesitate to get in touch by visiting our website on www.theheys.school and following us on twitter [@SchoolHeys](https://twitter.com/SchoolHeys).

Mr P. McKendrick
Headteacher
