

# Year 4 Autumn 2 - Water Homework Project

In school this half term we are learning about water, here are 5 challenges based on The Water Cycle.

There are also 4 author challenges based on Robert Swindells, author of Ice Palace which we will read this half term and David Walliams who is our author of the Autumn term.

Please aim to complete the **challenges over this half term (1 challenge each week)**. Try to think of different ways to present your work and be as creative as possible! (Some of the challenges may be more beneficial to do later on in the half term once the children have more knowledge about the topic.)

<p><u>Challenge 1</u> Write a biography for David Walliams.</p>	<p><u>Challenge 2</u> Create a fact file for Robert Swindells.</p>	<p><u>Challenge 3</u> Make a list of as many David Walliams books as possible. Which is your favourite and why?</p>
<p><u>Challenge 4</u> Write a book review about any David Walliams or Roberts Swindells books you might have read.</p>	<p><u>Challenge 5</u> Are you a water saver? Write about why it's important to not waste water and share how you save water at home.</p>	<p><u>Challenge 6</u> Create a piece of work to show the stages of the Water Cycle and label it. This could be a sketch or a 3D version.</p>
<p><u>Challenge 7</u> Draw a map to show a lake or reservoir. This could be real such as Heaton Park, or Hollingworth Lake or imaginary.</p>	<p><u>Challenge 8</u> Plan this online water evaporation game: <a href="https://www.educationsoutheastwater.com.au/resources/natural-water-cycle-game">https://www.educationsoutheastwater.com.au/resources/natural-water-cycle-game</a></p>	<p><u>Challenge 9</u> Visit the United Utilities Home Learning Hub and share with the class what you found out. <a href="#">United Utilities - Education</a></p>
